

PROTECT. SECURE. ENHANCE

Established in 1985, Safelink Group has amassed over 39 years of experience in delivering enterprise-level commercial security integration services. In 2001, we strategically expanded our portfolio by venturing into Managed IT services, seamlessly integrating an existing IT partner into our offerings.

Our stellar reputation is founded on our specialization in the design, installation, and integration of electronic security systems across diverse sectors such as commercial, industrial, and condominiums. As the demand for electronic security and surveillance systems continues to surge, Safelink remains at the forefront of innovation, leveraging rapidly developing technology to provide cutting-edge surveillance and access control solutions to the commerce and industry sectors.

Clients can confidently rely on Safelink to not only meet but exceed their current and future security requirements, thanks to our unwavering expertise and professionalism.
